

## PORTRAIT SESSIONS

A portrait session involves time, materials, knowledge and craftsmanship for which a fee is charged. The total session fee is based on the number and type of sittings requested, and does not apply toward your finished portraits.

Following the tradition of fine portraiture throughout the centuries, your portrait will come to life as it is creatively posed to best depict your character. Although no set number of studies are predetermined in a portrait sitting, a sufficient quantity of poses will be made for your selection.

### SITTING FEES

<b>First Subject</b>	<b>\$30.00</b>
<b>Each Additional Subject</b>	<b>\$15.00</b>
<b>Maxim Fee for 12 or More Subjects</b>	<b>\$195.00</b>

**Add...** \$50.00 for local park near studio  
\$100.00 for Home or Location  
\$50.00 for Bridal  
\$225.00 per hour for Out of Area  
\$15.00 per subject for each additional study.

### PLANNING SESSIONS

Quality portraiture does not just "happen". It is the product of careful planning, co-ordination and craftsmanship. We strongly recommend a planning session to prepare you for our unique style of portraiture. There is no charge for this service, however, an appointment is required.

## PORTRAIT FINISHES

Your portraits may be rendered in any of a variety of styles to provide the look and feel of a fine oil painting, a classic texture or even a contemporary poster. The finish is added to the portrait's surface, thereby creating a distinctive appearance which does not affect the actual image.

### The Sovereign

The finest style of portrait finish available - permanently bonded to artists canvas to create the look and feel of a fine piece of art. The finishing touch is to apply hundreds of individual brush strokes, creating the richness of an original free-hand painting combined with the realism of photography.

### The Regency

Permanently bonded to artists canvas and mounted on masonite, making each thread visible through the portrait. A clear lacquer glaze is then added to accent the depth of the portrait and create a more contemporary style of fine art. **Our most popular finish.**

### The Wilshire

Bridging the gap between fine art and photography, your portrait is permanently mounted to canvas board which gives it a classic texture and brings out its true beauty.

### The Signature

For the photographic purist, this finish is salon mounted and given a pebble-like texture to retain the look of a contemporary graphic poster.
