PORTRAIT FINISHES

Your portraits may be rendered in any of a variety of styles to provide the look and feel of a fine oil painting, a classic texture or even a contemporary poster. The finish is added to the portrait's surface, thereby creating a distinctive appearance which does not affect the actual image.

The Sovereign

The finest style of portrait finish available - permanently bonded to artists canvas to create the look and feel of a fine piece of art. The finishing touch is to apply hundreds of individual brush strokes, creating the richness of an original free-hand painting combined with the realism of photography.

The Regency

Permanently bonded to artists canvas and mounted on masonite, making each thread visible through the portrait. A clear lacquer glaze is then added to accent the depth of the portrait and create a more contemporary style of fine art. **Our most popular finish.**

The Wilshire

Bridging the gap between fine art and photography, your portrait is permanently mounted to canvas board which gives it a classic texture and brings out its true beauty.

The Signature

For the photographic purist, this finish is salon mounted and given a pebble-like texture to retain the look of a contemporary graphic poster.

PORTRAIT PRICE SCHEDULE

The size of a portrait is determined by its longest dimension. The second dimension will vary from 50-75% of the longest side. For cost savings, a variety of packages are also available which include options such as decorator portraits, collections and gift portraits. Please inquire.
